1. Overview

- 1.1 St Luke's School is committed to ensuring that, in the event of an emergency incident affecting the school, the school will provide an effective response, working with the Emergency Services, Local Education Authority and the County Council to minimise the impact of the emergency on the school and the community as a whole.
- 1.2 The school recognises that there cannot be a separate written plan to cover every possible emergency. Core staff training includes regular discussions of the steps to be taken in the more common emergencies, including a deliberate act of violence, fire, the destruction or serious vandalism of part of the school or public health threats (e.g. meningitis).

2. Purpose

- 2.1 The aim of this policy is to provide effective emergency response arrangements that will ensure the wellbeing and safety of all children and adults in the care of St Luke's school by:
- ❖ Establishing an effective framework of emergency response;
 - ❖ Ensure that the emergency incident is communicated quickly and clearly to supporting agencies and partners, enabling supporting arrangements to be rapidly activated;
 - ❖ Maintain high standards of welfare and duty of care arrangements for pupils, staff and carers;
 - ❖ Ensure that actions and decision making during the emergency incident are properly recorded;
 - ❖ To minimise educational and administrative disruption within school;
 - ❖ To facilitate the return to normal working arrangements at the earliest time.
- 2.2 The policy identifies key contact details for staff and governors (**Appendix 6**) as well as information on school utilities and other key organisations (**Appendix 4**).

3. Types of Emergency

- 3.1 An emergency incident can be clarified as an unexpected event which affects the school community, and which causes disruption on a scale that is beyond the normal coping capability of the school. The emergency incident may involve significant threat, damage, or injury to property and individuals, and may have long term impacts on pupils, staff, governors and parents.
- 3.2 The following are examples of emergency incidents, which may affect the school and necessitate activation of the emergency plan:
- ❖ A fire within the school or nearby premises;
 - ❖ A serious accident involving children and/or school personnel, on/ off site;
 - ❖ Death of a pupil or member of staff;
 - ❖ Kidnap or disappearance of a pupil;
 - ❖ A terrorist attack, or violent intruder on or nearby school premises;
 - ❖ Chemical or toxic substance release on or off site;

- ❖ An epidemic such as meningitis;
- ❖ Severe weather events such as flood, high winds, extreme storms etc.;
- ❖ Pandemic flu.

3.3 Confirmation of evacuation signals, assembly points and relocation sites are identified at **Appendix 1**.

4. FIRE PROCEDURES

4.1 Reception **MUST** inform **All** visitors on arrival, if a fire practise is planned for that day and the procedure to follow if an alarm is heard.

4.2 IF YOU FIND A FIRE OR ONE IS REPORTED TO YOU:

- ❖ Those discovering a fire or other emergency for which the buildings should be evacuated, should activate the alarm using the nearest available **RED** break glass call point (**please see the map Appendix 5 to familiarise yourself with your nearest point**);
- ❖ Where possible they should then notify the office of the exact location/nature of the incident;
- ❖ They should then vacate the school building and all pupils/visitors in the surrounding area.

4.3 FIRE FIGHTING

- ❖ The safe evacuation of all occupants is the absolute priority. Staff may attempt to deal with small fires (i.e. small wastepaper bin size), using portable firefighting equipment, **only if it is safe to do so without putting themselves or others at risk**;
- ❖ Ensure the alarm is raised **BEFORE** attempting to tackle a fire;
- ❖ Staff should make sure that they are aware of the type and location of portable firefighting equipment in their working areas (**see Appendix 5**) and ensure that they have completed the online Fire Safety Course provided by the school.

❖ Using the correct type of extinguisher for the fire (see diagram), use the four-step PASS technique.

✚ Pull: Pull the pin, this will break the tamper seal.

✚ Aim: Aim low, pointing the nozzle or hose at the base of the fire. Do not touch the horn on a CO2 extinguisher, it gets very cold and can damage the skin.

✚ Squeeze: Squeeze the handle to release the extinguishing agent.

✚ Sweep: Sweep from side to side at the base of the fire, the fuel source, until the fire is out.

4.4 The Head of School/Premises Manager will coordinate a planned fire drill on termly basis so that all staff and pupils have the opportunity to practise the fire procedures.

5. Staff Roles

5.1 On hearing the fire alarm, the following staff procedures/duties will take place:

The fire alarm is a continuous ringing bell and all staff, pupils and other occupants of the building must respond to alarm activations.

5.2 The Premises Manager/Head of Operations and/or Head of School will check the fire alarm panel and, if safe to do so, go to the zone indicated to investigate the cause of the activation. Once the cause of the alarm has been identified, the investigator will communicate this to the Head of School/senior member of staff.

5.3 Office/Reception staff will summon the emergency services (DIAL 999) as necessary.

5.3.1 Office/Reception staff will take the emergency backpack to the assembly points, this will contain (as appropriate):

- ❖ Emergency Laptop and Charger;
- ❖ Epi Pen;
- ❖ Inhaler;
- ❖ Nappies;
- ❖ Seizure Alert List;
- ❖ Allergy List;
- ❖ High Viz Jacket
- ❖ Essential Child Specific Medication;
- ❖ A Copy of this Policy with Key Contact Information.

5.3.2 Office/Reception staff will print lists of all people on the school premises via INVENTORY and take on clipboards to the assembly points.

5.3.3 Office/Reception staff will take the transport files with them to the assembly point.

5.4 All Fire Marshals/Wardens and staff will wear high viz jackets.

5.4.1 Marshals/Wardens will prevent any further access/exits to the site by closing the school gates which will be monitored and opened on the arrival of emergency services.

5.4.2 Marshals will ask all pupils who have not yet entered the school but are in the car park, to go with their carer/parent or if unaccompanied be escorted to the Assembly point on the main playground, to make himself or herself known to the person checking the register.

5.5 Classroom Staff/Support Staff

- ❖ On hearing the Fire Alarm, the person managing the class/group/individuals will take the pupils through the nearest fire exit;
- ❖ Staff **MUST** take their walkie talkies with them if they have one;
- ❖ Lifts **MUST NOT** be used - Evac Chair trained staff should assist those that need assistance to safety;
- ❖ Staff **MUST** take the fire register on the clip board in the classroom with them;
- ❖ Staff **MUST** take all emergency medication bags for individual pupils out with them;
- ❖ Pupils **MUST** follow the instructions of the teacher and evacuate the building in single file and as quietly as possible;
- ❖ **NO ONE** should stop to collect any belongings;
- ❖ Pupils must be evacuated to their nearest assembly points which maybe the back carpark or on the main playground;
- ❖ The last person to leave the classroom **MUST** close windows and doors behind them to prevent fire spreading as long as it is safe to do so;
- ❖ Staff will ensure that their class lines up on their respective number at their nearest assembly point (see table below);
- ❖ Staff will check pupils against the fire register and immediately inform Office Staff at the assembly points (wearing a high viz) or via radio of any missing pupils;
- ❖ Once the register has been taken and all are present a member of staff will stand at the front of the class and raise their clipboard.

Class	Number
Orange	1 / Play area near assembly point A
Apple	2 / Play area near assembly point A
Cherry	3 / Play area near assembly point A
Ladybirds	4
Grasshoppers	5
Dragonflies	6
Mantis	7
Bees	8
Butterflies	9
Lacewings	10
Crickets	11
Caterpillars	12
Fireflies	13
Millipedes	14
Scorpion	15
Alban	16
Ashridge	17
Heartwood	18
Dacorum	19

5.6 Whatever the circumstances surrounding the cause of the alarm, all occupants must continue with the evacuation procedure as described.

- ❖ Staff will supervise/affect the evacuation of pupils/visitors via their nearest available exit to the designated assembly point(s) listed below.
- ❖ If the class is not in its usual classroom, then they should go to the nearest assembly point and stand on their allocated number;
- ❖ Staff **must** take any walkie talkies with them;
- ❖ Those members of staff without direct responsibility for a class/pupils/ visitor etc. **must** leave the building by the nearest exit and report directly to a Fire Warden at the assembly point;
- ❖ Visitors who are not familiar with evacuation procedure **must** follow their host's instructions and report to a member of the admin team at the assembly point.

A Calm orderly exit is essential Walk quickly – DO NOT RUN or stop to collect belongings.

6. ASSEMBLY POINTS

- 6.1 FIREFLIES, LOWER SCHOOL, PE, THE ARK, DINNING HALL, GYM, FITNESS SUITE AND THE OFFICE/RECEPTION AREA (via the bungalow gate) TO ASSEMBLE ON THE MAIN PLAYGROUND.
- 6.2 MIDDLE SCHOOL (EXCEPT FIREFLIES), UPPER SCHOOL AND COOKERY TO ASSEMBLE ON THE BACK CARPARK.
- 6.3 Staff **MUST** take with them the **FIRE** clipboard in the classroom with the class registers to the assembly point.
- 6.4 On arrival at the assembly point pupils **MUST** stand in their class groups on their allocated number while staff check their registers. Once completed a member of staff will stand at the front of the class with their clipboard raised.
- 6.5 All non-teaching staff and visitors **MUST** report to the Fire Marshall/Admin staff with a clipboard at the nearest assembly point. It is your responsibility to let them know you are there.
- 6.6 Office/Reception staff will print off an appropriate list from Inventory to take outside to the assembly points. The result of this check **MUST** be reported to the Head of School/Senior member of staff as soon as it is completed.
- 6.7 The entrance gate will be closed and remain so until the emergency services arrive, at which point the gate will be opened for access.
- 6.8 If the alarm is sounded at break or lunch pupils should be guided to their nearest assembly point (which could be different to where their normal assembly point) and stand on the class's allocated number. For example, if middle school are at lunch in the dining hall then they should exit onto the main playground. **There are fire clipboards in the dining hall which should be taken out to the playground by staff on duty so that registers can be taken.** If possible, class teachers should meet their class at the relevant assembly point.
- 6.9 If the alarm sounds before 8.45am or after 3pm all staff and visitors on site should convene on the main playground for a register to be taken.

On no account must any individual remain in the school buildings during an emergency evacuation unless they are undertaking an official role identified by this evacuation procedure.

7. Fire Marshals/Warden Roles

Fire Marshals/Wardens are responsible for ensuring areas allocated to them have been evacuated. Deputy Head of School should ensure that in the event of absence, another member of staff is available to take over their duties:

AREA OF SCHOOL	FIRE WARDENS / MARSHALS	DEPUTY
Gym/Ark/Dining Hall/Hall	JCRCG	MC
Admin Offices/Reception	NC/DA	ST/MS/HC
Staff Room/Offices/Resources/Staff Toilets	JR	MG
9 ¾ Corridor	RA	KAB/JB
Lower School	KD	LB
New Block	ND	CP/RB
Double Block	KK/ HO'S/PW	KQ/CG/AT
Gym/Bungalow	LK/RA	MSK/OY

AREA OF RESPONSIBILITY	STAFF MEMBER	DEPUTY
REGISTERS BACK CARPARK	ST/HC	MS/DA
REGISTER MAIN PLAYGROUND	NC	MS/DA/HC
EMERGENCY BACK PACK	ST/NC	MS/DA/HC
EVAC CHAIRS	TC/LS	HOS/PW
TRANSPORT FILES	NC/ST	HC/DA
SCHOOL ENTRANCE & EXIT	MC	MS/DA

- Executive Head, Head of School, Head of Operations and Premises Manager should convene on the main playground. The Deputy Head should convene on the back carpark.
- Upon exiting the building, thoroughly check the areas you move through to ensure that all occupants have evacuated.
- Checks on toilet areas should include a check on individual cubicles.
- **Never** open a door if you suspect that there may be a fire beyond it. If in doubt, check the door with the back of your hand to see if it is hot.

- Once their area has been checked, Fire Wardens/Marshals should report to the Head of School that their designated areas are clear.
- The Head of School/Senior member of staff/Premises Manager will liaise with the Fire Brigade upon their arrival.
- All staff and pupils **must** remain at the assembly point until instructed, do not re-enter the building until the 'all clear' has been given either by the fire brigade or Head of School/Senior member of staff.
- Once the all clear is given pupils will then be dismissed class by class.
- If the building cannot be reoccupied following an evacuation, pupils will be evacuated to Redbourn Primary School.
- Alternative arrangements have also been made for the school to evacuate to Everyone Active, Redbourn Leisure Centre (**Appendix 1**);

8. Co-ordination with Other Site Users / Occupants Visitors

8.1 All visitors to the school **must** sign in and out of the school and will be made aware of evacuation procedures on their arrival.

8.1.1 Visitors to the school are the responsibility of the staff they are with at the time and must be escorted to the assembly point by the particular member of staff concerned.

8.1.2 In the event of an alarm activation during parents' evening etc., all members of staff are responsible for evacuating parents/pupils from their immediate area of responsibility.

8.2 Contractors

8.2.1 Contractors, including catering staff, contract cleaners etc. working on the premises, will be informed by the Premises Manager of the school's emergency procedures that apply, including:

- ❖ Action to be taken on hearing the fire alarm or discovering a fire;
- ❖ Fire evacuation procedures, including means of escape, location of the assembly points and name of the person in charge of evacuation procedures;
- ❖ The location of fire-fighting equipment and Fire Alarm call points in relation to the area of their work.

8.2.2 The risk of fire arising out of the work of any contractor on site will be assessed by the Premises Manager and appropriate precautionary measures put in place. Any hot work activities should be closely monitored using the Hot Permit to Work system.

8.3 **Lettings** - Admin/Reception/Premises Manager will ensure that all hirers are provided with instructions regarding what action to take in the event of discovering a fire or on hearing the fire alarm sounded.

9. General Evacuation for People with Additional Needs

9.1 Mobility Impairment

9.1.1 Those individuals who require only limited assistance should evacuate the building using the nearest exit. A responsible member of staff will be nominated to escort those who need assistance from the building.

9.1.2 For staff or pupils with significant mobility impairments accessing upper floors or areas where egress is difficult, any additional measures to facilitate their evacuation will be identified through the PEEP process (Personal Emergency Evacuation Plan, see **Appendix 2**).

9.1.3 The SENCO is responsible for ensuring that PEEP forms are completed. This form should be shared with all staff and a copy kept on the pupils file.

9.1.4 Evacuation chairs, should they be required are positioned by each stairwell in the Double Block and in the main hall. Staff are trained in their usage and refresher training completed annually.

9.2 **Visual Disability** - Person/s with visual disability may require assistance to safely evacuate; on stairways, the helper should descend first with the person's hand on their shoulder, on level surfaces they should take the helper's arm and follow them.

9.3 **Hearing Disability** - Person/s with a hearing disability should be assisted out of the building by staff.

9.4 Any additional measures required to the alarm system or buildings will be identified in the school's fire risk assessment and the PEEP process, e.g. additional means of raising an alarm such as a pager that vibrates when the alarm is activated, flashing beacon linked to alarm etc.

10. SITE EVACUATION PROCEDURE

10.1 All visitors must be informed on arrival if a site evacuation practise is, or is not planned for that day and the procedure to follow if an alarm is heard is detailed below:

- ❖ Activate the **RED** Fire Alarm by breaking the glass;
- ❖ Notify the office;
- ❖ Follow normal procedure for fire evacuation;
- ❖ A member of the office team will inform Redbourn Primary School that a site evacuation is in progress and prevent anyone else entering the school premises;
- ❖ Staff will be informed via the walkie talkie by the office or a senior member of staff of a "Site Evacuation";

- ❖ The Head of School/Office will inform the Executive Head and Head of Operations of an incident if they are off site;
- ❖ Once registers have been taken pupils and staff will evacuate to Redbourn Primary School if it is not safe to return to the building;
- ❖ The **RED** Emergency backpack, registers and transport files will accompany the evacuees to Redbourn Primary School;
- ❖ At Redbourn Primary School the register will be retaken;
- ❖ Kitchen staff will arrange packed lunches for staff and pupils remaining if appropriate;
- ❖ **No one** will return to the school to collect anything unless given the all clear by a senior member of staff;
- ❖ **No one** will return to the school premises unless given the all clear by the emergency services;
- ❖ The Executive Head, Head of School, Head of Operations and Premises Manager will remain on the school site to liaise with the emergency services and via walkie talkie with St Luke's staff at Redbourn Primary School;
- ❖ The Executive Head/Head of School will notify Hertfordshire County Council using the Critical Incident helpline – 01438 737 261; for premises 01992 555703 / 556438 or out of hours 07919 394934;
- ❖ If evacuation exceeds one hour, the Office/Reception Staff will call pupils' carers/parents using the emergency laptop and ARBOR and ask them to collect pupils from Redbourn Primary School;
- ❖ The Office/Reception will inform transport to collect those left from Redbourn Lower/Upper School.

10.2 If the Redbourn Primary School is not an option due to the nature of the incident the next nearest location will be identified using the list at **Appendix 1**.

11. Bomb Threats

11.1 If a bomb threat is received notify the Head of School, or in their absence, the most senior member of staff available.

11.2 Staff taking the initial phone call should try to stay calm and let them finish the message without interruption.

- 11.3 Try to record exactly what they say, especially any code word they might give (**see Appendix 3**). Make a note of:
- ❖ The exact time of the call;
 - ❖ The callers' sex and approximate age;
 - ❖ Any accent the person has, or any distinguishing feature about their voice (e.g. speech impediment, state of drunkenness);
 - ❖ Any distinguishable background noise.
- 11.4 When they have finished the message, try to ask as many of the following questions as you can, being cautious to avoid provoking the caller:
- ❖ Where is the bomb?
 - ❖ What time is it due to go off?
 - ❖ What does it look like?
 - ❖ What will cause it to explode?
 - ❖ Why are you doing this?
 - ❖ What is your name?
 - ❖ What is your address?
 - ❖ What is your telephone number?
- 11.5 Dial 1471 – you may get the details of where the phone call was made from, especially in the case of a hoax caller.
- 11.6 The Head of School/Senior member of staff should contact the police (999) for advice as to whether the school should be evacuated – this decision is ultimately the responsibility of the school so advice should also be sought from the Executive Head.
- 11.7 The signal for evacuation of the building, should this be necessary, will be the Fire Alarm (continuous ringing bell).
- 11.8 The normal evacuation procedure should be followed for fire; pupils and staff will relocate to Redbourn Primary School.

12. Gas Leaks

If you smell gas, or suspect there is a gas escape, you should immediately:

- ❖ Open all doors and windows;
- ❖ Activate the RED fire alarm by breaking the glass;
- ❖ Notify the office/premises manager;

- ❖ Check that all gas appliances are switched off;
- ❖ Do not turn on/off any electrical switches;
- ❖ Do not use your mobile phone;
- ❖ The Premises manager will shut off the gas supply located in the boiler house for the main block and at the front of the double block in a small brick block;
- ❖ Evacuate part or all of the premises as necessary;
- ❖ If gas continues to escape, telephone National Grid on 0800 111 999 and follow advice given.

13. Chemical Spills

- 13.1 School staff must be familiar with the chemicals they use and how to deal with spills.
- 13.2 If it is safe to do so (evaluating the amount spilt and degree of hazard), staff will isolate the area and wearing the appropriate protective equipment take necessary action to clear up the spill, ventilating the area and evacuating the immediate vicinity where required.
- 13.3 If the spill is severe and/or fumes are causing distress, the school's evacuation procedures will be followed. In extreme cases Fire and Rescue will be called (dial 999) as the lead agency in dealing with chemical/toxic/hazardous spillage incidents.

14. Suspicious Packages

- 14.1 The likelihood of a school receiving a postal bomb or suspected biological/chemical package is very low. However, school staff should be aware of the immediate steps to be taken if they receive a suspicious package or come into contact with a biological or chemical substance.
- 14.2 If you suspect that a letter or package may contain a bomb:
- ❖ Stay calm;
 - ❖ Put the letter/package down gently and walk away from it;
 - ❖ Do not put the letter or package into anything (including water) and do not put anything on top of it;
 - ❖ Ask everyone to leave the area (including classes if necessary);
 - ❖ Notify the Head of School/Head of Operations immediately, who in turn will notify the police if necessary;
 - ❖ Do not use mobile phones or sound the alarm using the break glass call points as this may activate the bomb.

14.3 If you suspect that a letter or package may contain a chemical or biological threat:

- ❖ Stay calm;
- ❖ Do not touch the package, leave it where it is;
- ❖ Shut windows and doors in the room and leave the room, but keep yourself separate from others (to avoid contamination);
- ❖ Notify the Head of School/Head of Operations immediately, who in turn will notify the police if necessary;
- ❖ Ensure that any air conditioning system in the building has been turned off, and that all doors (including internal fire doors) and windows have been closed;
- ❖ Notify staff to evacuate the building via walkie talkie, keeping people as far away as possible from the contaminated room;
- ❖ Keep all persons exposed to the material separate from others and available for medical attention;
- ❖ Anyone experiencing symptoms of chemical exposure (e.g. streaming eyes, coughs and irritated skin) should seek medical attention immediately.

14.4 If anyone believes they have been exposed to biological/chemical material, they should be encouraged to:

- ❖ Remain calm;
- ❖ Avoid touching their eyes, nose and any other part of their body;
- ❖ ‘Remove, remove, remove’

If you think someone has been exposed to a **HAZARDOUS SUBSTANCE**
Use caution and keep a safe distance to avoid exposure yourself.
TELL THOSE AFFECTED TO:

 <p>REMOVE THEMSELVES... ...from the immediate area to avoid further exposure to the substance. Fresh air is important. If the skin is itchy or painful, find a water source. REPORT... use M/ETHANE</p>	 <p>REMOVE OUTER CLOTHING... ...if affected by the substance. Try to avoid pulling clothing over the head if possible. Do not smoke, eat or drink. Do not pull off clothing stuck to skin.</p>	 <p>REMOVE THE SUBSTANCE... ...from skin using a dry absorbent material to either soak it up or brush it off. RINSE continually with water if the skin is itchy or painful.</p>
--	---	--

REMEMBER: Exposure is not always obvious. **SIGNS CAN INCLUDE:**

 <p>The presence of hazardous or unusual materials.</p>	 <p>Unexplained signs of skin, eye or airway irritation, nausea, vomiting, twitching, sweating, disorientation, breathing difficulties.</p>
 <p>A change in environment, such as unexplained vapour, odd smells or tastes.</p>	

ACT QUICKLY. These actions can **SAVE LIVES.**

15. Severe Weather

15.1 Schools are expected to remain open in all but the most extreme circumstances. The decision to close a school in severe weather, or when responding to a public emergency, should be taken by the Executive Head/Head of School based on the following:

- ❖ Local conditions;
- ❖ Severe Weather Policy;
- ❖ This Guidance;
- ❖ An Assessment of Risk;
- ❖ Information from the Local Authority.

15.2 For clarity and ease of use a separate Severe Weather policy has been drawn up for guidance on these procedures.

16. FIREARMS OR WEAPONS ATTACK

The following government 'stay safe' advice should be taken in the rare event of a firearms or weapons attack. These steps can help save lives and casualties in the event of an attack.

RUN	<ul style="list-style-type: none"> • Escape with your class if you can • Consider the safest options • Is there a safe route? Run if not hide • Can you get there without exposing yourself and pupils to greater danger? • Insist others leave with you • Leave belongings behind
HIDE	<ul style="list-style-type: none"> • If you cannot run, hide • Find cover from gunfire • If you can see the attacker, they may be able to see you. Cover from view does not mean you are safe, bullets go through glass, brick, wood and metal • Find cover from gunfire e.g., substantial brickwork/heavy reinforced walls • Be aware of your exits

	<ul style="list-style-type: none"> • Try not to get trapped • Be quiet, silence your phone • Lock/barricade yourself in • Move away from the door
TELL	<p>Call 999 – What do the police need to know? If you cannot speak or make a noise listen to the instructions given to you by the call taker:</p> <ul style="list-style-type: none"> • Location – Where are the suspects? • Direction – Where did you last see the suspects? • Descriptions – Describe the attacker, numbers, features, clothing, weapons etc. • Further information – Casualties, type of injury, building information, entrances, exits, hostages etc. • Stop other people entering the building if it is safe to do so
Armed Police Response	<ul style="list-style-type: none"> • Follow officer’s instructions • Remain calm • Can you move to a safer area? • Avoid sudden movements that may be considered a threat • Keep your hands in view
Officers may	<ul style="list-style-type: none"> • Point guns at you • Treat you firmly as they are trying to determine the attacker(s) • Question you • Be unable to distinguish you from the attacker • Officers will evacuate you when it is safe to do so

17. LOCK DOWN

17.1 All visitors must be informed on arrival if a lock down practise is or is not planned for that day and the procedure to follow if an alarm notification is activated.

17.1.1 Lockdown procedures should be seen as a sensible and proportionate response to any external or internal incident which has the potential to pose a threat to the safety of staff and pupils in the school.

17.1.2 Procedures should aim to minimise disruption to the learning environment whilst ensuring the safety of all pupils and staff.

17.1.3 Lockdown procedures may be activated in response to any number of situations, some of the more typical might be:

- A reported incident/civil disturbance in the local community (with the potential to pose a risk to staff and pupils in the school);
- An intruder on the school site (with the potential to pose a risk to staff and pupils);
- A warning being received regarding a risk locally, of air pollution (smoke plume, gas cloud etc.);

- A major fire in the vicinity of the school;
- The close proximity of a dangerous animal roaming loose.

17.2 IF YOU BECOME AWARE OF A THREAT OR ONE IS REPORTED TO YOU:

- Initiate Lock Down by using the code word **LOCKDOWN** over the walkie talkie;
- Where possible notify the office of the exact location/nature of the incident.

17.3 Staff Roles

17.3.1 When the Lock Down code word is activated staff must take the following action:

- ❖ Pupils who are outside the school buildings are to be brought inside as quickly as possible and return to their classroom, the hall or gym (outside staff will be informed by a senior member of staff);
- ❖ Those inside the school should direct pupils to nearest classrooms and a member of staff should check corridors and toilets in their vicinity for pupils or staff;
- ❖ All pupils and staff should then remain in the classroom locking internal and external doors and closing all windows;
- ❖ All blinds should be drawn and pupils instructed to sit as quietly as possible;
- ❖ Staff should encourage the pupils to keep calm;

- ❖ Office/reception staff should secure external doors in the area and go into the main office, close the blinds and lock the door.

17.3.2 Once in lockdown mode, staff should notify the office/reception immediately of any pupils not accounted for via the internal telephone system Ext 1000; 1001, 1002) or walkie talkie and instigate an immediate search for anyone missing.

17.3.3 As appropriate, and on advice from the Head of School, the school office will establish communication with the emergency services.

17.3.4 Office/Reception staff will contact staff out on school trips not to return to school via mobile.

17.3.5 If it is necessary to evacuate the building, the fire alarm will be sounded and the usual fire drill procedure will then take place.

17.3.6 Parents will be notified as soon as it is practicable via Arbor/Class Dojo and only when appropriate via guidance from the emergency services.

17.3.7 It is of vital importance that the school's lockdown procedures are familiar to all members of the school staff. To achieve this, a lockdown drill should be organised and undertaken by the Head of School at least once a term.

17.3.8 All situations are different, once all staff and pupils are safely inside, senior staff will conduct an on-going risk assessment based on advice from the emergency services. This can then be communicated to staff and pupils. Emergency services will advise the best course of action in respect of the prevailing threat.

17.4 **LOCKDOWN DRILL – ALL CLEAR**

Once the incident has been assessed as safe, all classrooms will be either visited by a senior member of staff or will be contacted via classroom telephone or walkie talkie and told the situation is under control and the class can resume activities as normal.

17.5 **Communication with Parents during Lockdowns**

17.5.1 In the event of an actual lockdown, any incident or development will be communicated to parents as soon as is practicable.

17.5.2 Pupils will not be released to parents during a lockdown.

17.5.3 Parents should be given enough information so that they:

- ❖ Are reassured that the school understands their concern for their child's welfare and is doing everything possible to ensure their safety;
- ❖ Understand that they do not need to contact the school or come to the school;
- ❖ Know to wait for the school to contact them about when it is safe to collect their children, and where this will be from;
- ❖ Are aware of what will happen if the lockdown continues beyond school hours.

17.6 **Emergency Services**

17.6.1 It is important to keep lines of communication open with the emergency services as they are best placed to offer advice as a situation unfolds. The school site may or may not be cordoned off by the emergency services depending on the severity of the incident that has triggered the Lockdown.

17.6.2 The Executive Head/Head of School and emergency services will together decide on the timing of communication to parents.

17.7 **REMINDER**

Staff will **ALWAYS** have advance notice of a Lockdown drill, therefore if the signal occurs without warning staff must assume it is **NOT A DRILL**.

 Close all windows and doors

- ✚ Lock up – shut blinds
- ✚ Out of sight and minimise movement
- ✚ Stay silent and avoid drawing attention
- ✚ Endure – be aware you may be in lockdown for some time

18. Lift Evacuation Procedure

In the event that the lift alarm is activated the following steps should be followed:

- ❖ On hearing the alarm, reception **MUST** be notified;
- ❖ Reception **MUST** alert the premises manager and Head of School who will then attend to assess the situation;
- ❖ Staff **MUST NOT** attempt to move or open the lift unless the Premises Manager instructs them to do so;
- ❖ The premises manager will determine the most appropriate action to release any person in the lift;
- ❖ In the absence of the premises manager he will ensure that cover has been arranged should there be an incident.

19. Communication and Media Management

19.1 Communicating with Parents⁹

19.1.1 Reception staff will notify parents every time that there is an emergency. If an emergency happens at school or the school needs to close for another reason e.g. severe weather, the office staff will

set up the main school line to answer machine with a pre-recorded message and direction as to where parents can obtain further information.

19.1.2 St Luke's will routinely inform parents of the schools' emergency procedures in order to reassure parents that the school is well prepared to cope in the event of an emergency incident. Communications will include how parents might hear about an incident and what they should do. A reminder will also be included about the importance of notifying the school of any change in contact details.

19.1.3 Methods of informing parents could include:

- ❖ Email or text messages (ARBOR);
- ❖ School Website;
- ❖ Telephone;
- ❖ Hertfordshire County Council Website;
- ❖ Local Radio;
- ❖ Notices on the school gate/fence;

- ❖ Person at the entrance to the school to explain issues;
- ❖ Class Dojo.

19.2 **Media**

19.2.1 Staff should not speak to the media in any circumstance, any requests should be directed to the Executive Head, Head of School and/or the Chair of Governors.

19.2.2 The Executive Head, Head of School and/or the Chair of Governors will seek advice from Hertfordshire County Council and the local Police before making any comment to the media to agree the appropriate response.

19.2.3 However in the case of a fatality, the police will normally inform the parents or next of kin of the children or staff involved. The Police and Council will advise schools what incident details can be given to parents.

20. **Plan Review**

The Head of Operations and Executive Head of St Luke's School are responsible for ensuring that this plan is annually reviewed, and any necessary amendments are identified and carried out accordingly.

All persons with an identified responsibility within the response arrangements outlined in this plan, must be notified of any changes made to the document.
